Dear [Redacted]

Thank you for your help in our study of drug interdiction. We are in the process of completing our analysis and writing our reports.

Enclosed for your information is a copy of our draft public report in which we have presented an overview of the drug smuggling problem and Federal interdiction efforts as well as key findings and options resulting from our study. The report will be sent to OTA's Technology Assessment Board for their review and approval on December 5, 1986. It will also be made available for review by some staff members of the Senate Appropriations Committee, which requested this study. We hope to complete our review and revision process by early January and therefore publish the report soon after.

Thank you very much for your continued assistance.

Sincerely,

Peter A. Johnson
Project Director
